

Advancing Racial Health Equity & Addressing Bias

Cultural Competency for Healthcare Professionals

Accreditation: CME, CEU, CCM, ASWB credit

Audience: All staff, including clinical and non-clinical healthcare professionals, social workers, and health plan employees

About this Course

We can no longer turn away from the reality of racial inequality in the U.S. However, it is not easy to take on sensitive and complex issues of race, bias, and discrimination. Racial inequity in healthcare is bigger than any one of us, and yet each one of us has a part to play in its dismantling. This course supports learners in that effort.

Learning Outcomes

- ✓ Understand complex definitions of race, racism, implicit bias, and health equity
- ✓ Develop increased empathy for individuals who experience the negative impacts of structural racism
- ✓ Identify ways to participate in larger efforts to accelerate racial health equity.
- ✓ Build skills for counteracting implicit bias in daily professional practice.
